

17 April 2020

Dear Parents / Guardians

It has been an eventful time since the holiday has commenced. Numerous questions have been posed and we do not seem to have the answers to all of them.

The school has to follow prescribed guidelines and instructions as received from the National Government and the Department of Education. As soon as these updates have been received, you will be informed accordingly. There are different scenarios we are working with currently and the fact we have to consider is that nothing can happen if the lockdown period is not lifted by the Minister at the end of the month.

Children will be phased in at different times, according to the following schedule:

Grade	Date of return to school
12	6 May
11	20 May
10	3 June
9	17 June
8	1 July

The school continues to share extra information/ worksheets via electronic media and other platforms with the learners. The learners should revise their work and continue working on their own. Various links are available on the internet with regards to extra work and resources. Please utilise them.

The most important issue to keep in mind is the following: everything which needs to be covered for exam purposes, will be covered in class by the teachers, as soon as school reopens. The lost school hours will be recovered. Be certain that urgent and diligent efforts will have to be made in order to recover lost time and lost work once the school reopens. Such an enormous team effort requires a 100% commitment from all parties involved.

Enjoy the time with your family and utilise each and every moment. In these uncertain times we need to rely on our faith.

Lydens greetings.
