REPUBLIC OF SOUTH AFRICA

DBE TV on Channel 122 OVHD

In partnership with eMedia Investments, the Department of Basic Education will be broadcasting educational support for learners and teachers on the Openview HD (OVHD) platform – channel 122. This channel is available free of any subscriptions and will broadcast initially for a period of six months from 1 April to 30 September 2020.

The proposed daily schedule for the first week of broadcast is as follows:

- The focus of the first week of broadcast is to revise Term 1 topics.
- From 12:00 am to 7:00 am there will be revision lessons for Grade 12 learners. We cover only one subject per day to facilitate an easy recordable block. The subjects will rotate through a seven week period. In the first week, Maths is on Monday but in week 2 Maths moves to Tuesday and so on.
- Between 7:00 am to 8:00 am it's time to learn a new Indigenous African language. Each lesson is half an hour.
- From 8:00 am till 12:00 noon, the schedule is dedicated to Grade 12 learners. You can catch 60 minute lessons in Maths, Physical Sciences, Life Sciences, English (FAL), Accounting, Economics and Geography. The focus of these lessons is initially on Term 1 topics. If you master the concepts in these lessons, you'll be ready for Term 2 lessons which will broadcast in future weeks.
- From 12:00 pm till 2:00 pm we have 60 minute lessons for Grade 11 learners in Maths, Physical Sciences, Life Sciences, English (FAL) and Accounting.
- From 2:00 pm till 4:00pm we have 30 minute lessons for Grade 10 learners in Maths, Physical Sciences, Life Sciences, English (FAL) and Accounting.

If you've missed a lesson in the morning or want to re-watch a lesson you can catch the repeat from 4pm to 12 midnight. The lessons from 4:00pm – 8:00 pm is for Grade 12 learners, 8:00pm – 10:00 pm for Grade 11 and 10:00 – 12:00 is for Grade 10. The topics covered are aligned to the CAPS and the Annual Teaching Plan (ATP), and we will start with topics at the beginning of the ATP.

Further information to follow.
